Map Checking Notes:

- All deposits and fees must be paid prior to the review of any map.
- Additional funds may be requested during the map checking process.
- Any surplus of the deposit will be refunded after map filing/recordation.
- Anyone submitting a map for the first time in the County of Orange is encouraged to review a copy of a recently recorded/filed map in the city (or unincorporated territory) as a sample/guide to help in the preparation of their map.
- We are happy to answer any questions you may have. The public counter telephone number is (714)967-0852 and the public counter hours are 8:00 a.m. to 4:00 p.m., Monday through Friday.

Submittal Package Guidelines: *Digital Submittal Package via map application in MyOCeServices*

Account:

- Full size pdf copy of the survey document (i.e., Tract Map, Parcel Map, Record of Survey, Lot Line Adjustments, Corner Records, Annexations, etc.) – all sheets combined into **one** pdf file and plotted/printed to scale.
- 1 copy of: all record reference maps, deeds, official records, centerline tie notes/Corner Records and GPS Control Sheets (Horizontal Control Data Sheets) used in the preparation of the map.
- A pdf of the title report (less than 6 months old for 1st check and re-checks and no more than 30 days old for final review of signed/notarized mylars)
- 1 set of traverse closures (a complete set that includes all bearings and distances shown on map, including areas and closure “error” not to exceed 0.017’).
- Field Notes (when applicable)
- GPS Control Review - an AutoCAD drawing (*not a PDF of the map sheets*) for all Parcel Maps and Tract Maps (not required for Records of Survey but would like it submitted for surveys tied to OCS GPS Horizontal Control Points). The file should contain the exterior boundary lines (distinctive border), the two OCS GPS Horizontal Control Points, the GPS ties and the Basis of Bearings line for the map. No other data (other than what is listed above) is needed in this electronic file at this time, as the file is being used to perform a preliminary review of how the map boundary fits the county’s Landbase.
- The digital submittal, i.e. an AutoCAD drawing (*not a PDF of the map sheets*), is required prior to the recordation/filing of a Parcel Map or Tract Map and not required for Records of Survey, but we gladly welcome it.
Drawing should include: **all new** parcel/lot/easement lines, **new** street centerlines and r/w lines, GPS ties, Basis of Bearings lines, etc.). The information contained in the drawing should be the same (exact) information as the map that is being recorded/filed.
